Subject: Introductions between Curry County Commissioner & OHSU Leadership

Dear Friends,

I am writing to provide introductions.

Commissioner Gold, it is my pleasure to introduce you three OHSU leaders who are doing the impactful work of bringing the OHSU students to the Southern Oregon Coast for educational rotations. Provost Andresen, Dr. Megan Holland, and Amy Dunkak are leading the way with their work in having Oregon Health Science University students rotate through several sites in Coos and Curry Counties. As we had discussed, these are medical, nurse practitioner, physician assistant, and pharmacy students. I am excited about the next step in having these students rotate through Curry County, and to provide the students with housing at our Port Orford student housing, a project currently underway with a planned opening in July 2019. This team is planning on being in Gold Beach in the next couple weeks and I highly recommended they inquire about the possibility of introducing themselves to you. Commissioner, such a pleasure to spend some time with you and get to know you better, thank you for meeting with me!

Elena, Megan and Amy, Commissioner Gold is a wonderful advocate for healthcare and education in Curry County. I had a lovely meeting with her last week. With being a tenured teacher, and long-time resident of the south coast Commissioner Gold has insightful knowledge and history about the region. Her passion for her County, and the citizen, and especially the children was evident in the work she is doing and the agenda to move healthcare services forward for all constituents. I know Commissioner Gold is very interested in learning more about the student rotations and potential project that could be generate in Curry County. So nice to see you all during your visit last week and thank you inviting me to an informative learning session.

I do hope you all have the opportunity to meet and I am sure we will be collectively working on projects together in the future! Thank you!

With Sincere Respect,

Linda
