MATERIAL TO BE SUBMITTED WITH APPLICATION FORM:

- (1) **Plot Plan - A map of the subject property showing the existing development of the subject property, road access, proposed development, facilities serving existing and proposed development (wells, springs, waterlines, sewer lines, septic systems, etc.), distances to property lines proposed new lots or parcels and other natural features.**
- (2) **Narrative - A brief written narrative explaining your proposal for development of the subject property. Describe what you are proposing to construct or alter, any proposed division of the property into smaller parcels, and proposed development of facilities (roads, water or sewer systems, power lines, etc.) and any impact that you think the proposed development may have on adjacent lands or local facilities (traffic, public water/sewer demand, fire protection, etc.).**
- (3) **Other Materials - Provide any other materials that you feel will assist in explaining your proposal. Material such as proposed supportive findings, photographs, legal documentation of water rights, permits, road access, etc. or related information may be useful in discussing your proposed development.**
