

GEOLOGICAL HAZARD ASSESSMENT

Section 4.083

- 20. Geological hazard assessment prepared by an Oregon Certified Engineering Geologist in accordance with CCZO Section 3.250 if the proposed destination resort is within the Natural Hazard Overlay Zone.*

Ron Sonnevil of Terra Firma has prepared a Geological Hazard Assessment for the site. A brief summary of these findings is on pages 12 and 13 of the Master Plan. The full report is included with this application packet. Mr. Sonnevil is an Oregon Certified Engineering Geologist.

Site specific geotechnical analysis will be conducted prior to development in all areas within a natural hazard area or any other area of concern.
